Gen. Middleton is coming west. We see this in all the papers, and it may account for the fall in furs. We have no use for him; our fighters are only civil. Can't shoot at Ottawa, you know!

We can see no reason why the band cannot give open air concerts these nice, cool and flyless evenings. We think that if the band played on the river bank, say two evenings each week, they could make it pay as well getting the parties. Promenade concerts would be the clear thing, Louis! Try it!

## LOCAL NEWS.

The wholesome and refreshing Montserrat and Jamaica Lime Fruit Juices for sale at the Medical Hall.

Walters & Baker are selling all wool Tweed Suits for \$7; all wool Tweed pants for \$1 50. They have over one hundred suits to choose from.

The English papers express regret, but not surprise, at the rejection of the Fisheries Treaty. It is thought the *modus vivendi* will be maintained. We don't know what a "*modus vivendi*" is, but if it means trout from the north, we want some, and we want the "I. D." to get there and let us fish.

The mail contractors have recently put on handsome new coaches on the several mail lines throughout the Territories. The coaches are constructed in such a way that about six passengers can ride on them, besides carrying the mail matter. They are a great improvement on former vehicles, and will be pleasant and comfortable for passengers to ride in.

Banff Life is dead, and the Mountain Echoes is heard in its stead. The editor in his leader, after a most pathetic appeal to Sir John A., says: "he has seen men raving mad on extracts, red ink, can de Cologne and anything in fact that would quench their desires." We never knew our National Park people felt so bad, but we can now understand why they got a permit for beer and wine.

The Ladies' Cup which was competed for at the recent rifle tournament and won by Corp. Baile came to hand by last mail. The cup is of solid silver and cost \$55, it stands on a pedestal of oxidized silver and is supported on either side by crossed rifles; the base of the cup is corrugated and gold plated, with a narrow band of oxidized silver above; on one side of the cup is the inscription "Presented by the Ladies' of Prince Albert to the Saskatchewan Provincial Association" and on the opposite side is the figure of a militia man kneeling in the act of firing, while another stands behind at the "order arms." The rim of the cup is oxidized silver beautifully chased, while the cover is of the same metal surmounted by the figure of a Mounted Policeman, firing in a kneeling position; altogether the design is very pretty and the trophy a very valuable one. Corp. Bailey on receiving the cup presented it to Mrs. Sproat, the lady whom he represented in the competition, and through whose kindness we have been allowed the privilege of seeing it.

Do not be discouraged because other remedies have failed you. Mr. H. Ryan says: "For Cold in the Head and Catarrh, Nasal Balm is the best remedy I ever tried, and I have tried many."

WINNIPEG, Sept. 7.—(Special) The directors of the Regina and Long Lake Railway meet in Montreal on Tuesday next to take action for the immediate construction of that railroad to Prince Albert.

The brickwork on the Niabet Academy building is now complete, and the carpenters are at work and have the rafters and sheeting on the roof. Mr. A. Goodfellow, the contractor, will push the work with all possible speed.

On Wednesday last a very heavy rain storm set in, and stayed with us till this morning, to the detriment of harvesting. The farmers are all busy harvesting now, and would be pleased to see dry, warm weather for a week so.

Two pedals have been added to the organ in St. Alban's church by Mr. E. J. Cann, which adds greatly to the compass of the instrument. With these additions the present organ is adequate for the requirements of the church for some time to come.

The Government papers have an advertisement about agricultural society grants for the Territories. We are not favored with this kind of pap, but we have in this district the finest farming lands and two of the best agricultural societies in the Territories.

You want to read Agnew's advertisement this week. He is offering big inducements in stoves and other heating apparatus. This is the season of the year people should attend to this kind of thing. Call early and get a bargain from the best assortment in town.

The many friends of Mr. R. J. Molloy, Government telegraph operator at Clark's Crossing, will be sorry to learn of the death of one of his children, a bright little fellow of three years, by drowning some two weeks ago. The children were playing on the bank of the river, which the poor child fell over into the water and sad to say was drowned before assistance could be procured. The body has not yet been recovered. Mr. and Mrs. Molloy have the sympathy of the entire community.

The 25th inst. will be about the finish of the rifle shooting this year. On that day the Hughes cup will be shot for at a revolving target at 200 yards with Snider rifles; the return match with Macleod will also come off then at 2 p.m. The association has telegraphed a challenge to Winnipeg to shoot the same day with fifteen men, which we hope will be accepted. Other matches will be shot off if there is time. Keep up your practice boys.

**THE CROPS OF 1888.**

Reports have by some means  
reached the east to the effect that  
the grain crop on the Saskatchewan  
was very much injured by frost  
about the 21st of August. The re-  
port could only have been given  
currency to by some one who is  
minimal to the welfare of the country,  
because—speaking for this district—  
we can state there is no foundation  
for it. We have made enquiries  
from farmers, and have been unable  
to find any evidence of frozen grain.  
The Homestead Inspector for this  
district has visited nearly every por-  
tion of the district in the past two  
weeks, and he states that there has  
not been an acre of grain injured by  
frost; that in one or two localities  
there was a very light frost, but only  
sufficient to freeze potatoe tops very  
slightly. From the same source we  
ascertain that nearly all the grain is  
harvested, and that wheat will aver-  
age forty bushels to the acre, barley  
about thirty, and oats from fifty to  
sixty. This season's operations has  
demonstrated that Saxonka, Ladoga  
and Kubanka wheats ripen from ten  
to fifteen days earlier than Red Fyfe,  
and, if those varieties are equally  
good for milling purposes, they are  
the most suitable for the climate.  
We have also shown that, under fa-  
vorable conditions, the Saskatche-  
wan country is a good agricultural  
district, and that as good crops can  
be raised here as in any part of  
Canada or the United States. Give  
us a railway, and we will prosper.

"Moosomin is far ahead of any  
Northwest town, even Regina, in its  
educational aspect. A spacious,  
handsome building, which is an eye-  
opener to visitors, was erected last  
year at a total cost of \$4,000. The  
average attendance at the school is  
about 150."—Moosomin corres-  
pondence Regina Leader. We beg  
to call the attention of the town of  
Moosomin to the fact that the town  
of Prince Albert, in the Northwest  
Territories, last year erected one  
brick schoolhouse at a cost of \$6,000  
and another at a cost of \$3,500.  
There is a Roman Catholic school-  
house which cost about \$1,500, a  
Roman Catholic convent for young  
ladies which cost about \$10,000, and  
this summer the Nisbet Academy is  
being built by the Presbyterian  
Church at a cost of \$8,000. Besides  
this, Emmanuel College, although  
outside the town limits, properly  
belongs to the town. The buildings  
connected with the College cost

nearly \$20,000. The attendance at  
all these institutions of learning is  
over 200. So that in this town there  
are educational interests erected at  
a total cost of nearly \$50,000, and  
we have never boasted of it either.  
But of course for a small railway  
station a \$4,000 schoolhouse is  
something in which it may take a  
pardonable pride; and the corres-  
pondent of the Leader may also be  
pardon for allowing his imagina-  
tion to carry him into the belief that  
\$4,000 takes the cake.

Indications this week are to the  
effect that work will shortly be com-  
menced on the Regina and Long  
Lake road, and that a considerable  
portion of it will be built this fall.

From the tone of Blaine's speech  
at Lewiston, Me., it is to be gathered  
that the Fisheries Treaty has been  
defeated in the United States Senate  
owing to this being the Presidential  
election year, and that it was so de-  
feated for party purposes.

The Fisheries Treaty has been  
rejected by the United States Senate  
on a vote of twenty-seven for and  
thirty against. The people of the  
neighboring Republic have by that  
vote held that their interests were—  
by the Treaty—being sacrificed for  
the benefit of Canada. A short time  
ago a section of the Canadian press  
was loud in its denunciation of the  
Treaty, on the score that Canada  
was conceding everything to the  
United States and was not going to  
reap any benefit. Will that portion  
of the press now kindly rise and ex-  
plain? What the result of the action  
of the United States Senate will be  
we cannot foreshadow, but we ex-  
press the hope that future diplomati-  
negotiations will solve the question.

The Winnipeg Free Press, true to  
its ancient traditions, still continues  
to slander Mr. Dewdney. We do  
not know what object the Free Press  
expects to achieve, but we suppose  
that it has been in the past so ad-  
dicted to slandering that now in its  
maturer years it has grown to be a  
total stranger to that abstract quality  
called truth. Mr. Dewdney has in  
the past done yeoman service for the  
Northwest as well as for the rest of  
Canada, and we feel convinced that  
he will—as Minister of the Interior  
—so act as to win the admiration  
and esteem of every true Canadian.  
He will long be remembered in these  
Territories as the moving spirit in the  
foundation of our greatness.

### THE BAD BOYS IN CHURCH.

To the Editor of The Times.

Sir,—I would like through your columns to call the attention of the proper authorities of St. Alban's Church to the disgraceful conduct of a number of young men and boys who every Sunday night occupy the back seats of that church. They not only pay no regard to the solemnity of the services, but are engaged throughout in laughing, talking, scuffling and other disorderly conduct to the annoyance of those who go to church to worship. If this is to continue, the aid of the law will be invoked to suppress the nuisance.

Yours very truly,  
A CHURCH MEMBER.

### THE LADIES' AID SOCIAL.

On Wednesday evening last the St. Alban's Ladies' Aid Society held their second social in the Town Hall. The object was to assist in paying off a small indebtedness on the church building. The society was organized on the 30th of last May, has a membership of twenty-three ladies and all of whom are workers as will be seen by the handsome sum of \$104 realized at their first social held in June last and again backed up by their further endeavors, on Wednesday evening, by \$108. The latter sum though includes a most liberal donation of \$25 from Chief Factor Fortesque and one of \$5 from Mr. R. C. Wigmore. The greater portion of the first social was expended in fencing and improving the St. Mary's Cemetery. Our member, Mr. Macdowall, very generously donated 1,000 feet of lumber towards the fencing of the cemetery, which Mr. Agnew has kindly undertaken to look after. The hall on Wednesday evening was full but not over crowded, giving people an opportunity of moving about and engaging in a social chat. The P. A. C. Band was present and rendered a number of selections in the open air, in their usual fine style. There was no regular programme prepared for the occasion, but Major Perry, who acted as chairman, succeeded in getting up a first class impromptu one. Miss Fortesque favored the assembly with a couple of songs during the evening, which were rendered in a very fine manner and well received. Miss Nellie Fortesque contributed no small share to the evening's entertainment by her fine execution in piano solos. Mrs. Sproat and Miss Fanny Mair also contributed to the evening's entertainment. Mrs. Sproat singing "Jock o' Hazeldean" in her usual splendid style. Song were given by Messrs. Jones, Drewry and St. John and Insp. Begin, of the N.W.M.P., and it is needless to say that all of these gentlemen acquitted themselves well. Mr. W. R. Fish kindly loaned the piano, which was presided at by Mr. Cann. Tea and coffee were served throughout the evening and cakes galore, all of which were provided by the ladies. Quite a large business was done by the ladies in charge of the ice cream stands, and from that source alone many a stray ten-cent piece found its way into the coffers of the church. Mrs. McLean and the other ladies of the congregation were indefatigable in their endeavors to make the entertainment a success and provide for the enjoyment of all present and we are glad to say that their efforts were entirely successful, and deserve the best thanks of the church. The ladies wish to tender their cordial thanks to Chief Factor Fortesque, Mr. Macdowall and Mr. Wigmore for their very liberal donations; to the council for the free use of the hall; to Supt. Perry for the able and courteous manner in which he officiated in the chair; to Mr. Ouellet for the use of his rooms; to Mr. Fish for the piano and also to the ladies and gentlemen who contributed to the evening's success and last but not least to the liberal support of the general public. We hope that now the long winter evenings are approaching the ladies will provide more of such entertainments.

The latest laws are such that newspaper publishers can arrest anyone for fraud who takes a paper and refuses to pay for it. Under the law, the person who allows his or her subscription to run along for some time unpaid or takes three papers from the post office, and then orders the postmaster to mark it "refused," and have a notice sent notifying the publisher, lays himself open to arrest and punishment same as for theft.

### SORE FROM KNEE TO ANKLE

Skin entirely gone. Flesh a mass of ulcer. Leg diminished one-third in size. Condition hopeless. Cured by the Cuticura Remedy.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I recovered whatever I was persuaded to try, I used CUTICURA REMEDIES, and the result was as follows: After three days I noticed a decided change for the better, and at the end of three months was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow and to day and for nearly two years past my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. G. ALLEN, Dubuque, Dodge Co., Ga.

**Terrible suffering from skin diseases.**

I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shun public places by reason of my disgusting humors. Have had the best of physicians and spent hundreds of dollars but got no relief until I used the CUTICURA REMEDIES, which have cured me and left my skin as clear and my blood as pure as a child's.

IDA MAY BASS, Olive Branch P.O., Miss.

From 145 Pounds to 172 Pounds.

I have taken several bottles of CUTICURA RESOLVENT with all the results I could wish for. About this time last year, when commencing its use, I weighed 145 pounds, and to day I weigh 172 pounds.

GEO. CAMPBELL, Washington, D. C.

Note.—The Cuticura Resolvent is beyond all doubt the greatest blood purifier ever compounded.

The Mounted Police are preparing for a holiday run to Saskatoon, and will probably leave for their camp on Monday week, 27th inst.

## QU'APPELLE

From the *Progress*, August 23.

One of the Ontario farmers excursionists, who staid over here, was heard to remark that he had seen growing in the farmer's gardens very much larger vegetables and roots than were exhibited at the station, and it was one of the things he noticed particularly that the people of the Northwest were not disposed in any way to overrate their country.

On Tuesday the Hon. E. Dewdney, Minister of the Interior, accompanied by his private secretary, Mr. Periere, was here to meet such of his constituents as as would be attending the C.P.R. picnic. He left on Monday morning for Moosemin, from which place he will take a tour through the Moose Mountain country.

## EDMONTON.

From the *Bulletin*, Aug. 18.

The town is dull and the farmers are busy at hay.

Barley cutting will commence generally next week.

Splendid ripening weather has set in, hot, cloudless and breezy.

The police hay contract at Fort Saskatchewan is let at \$7 40 a ton clear of Government dues, and at Edmonton at \$9 50 clear of dues which amount to \$1 per ton.

The beaver were noticed to be dying very generally this spring in the Saddle Lake District. Death was certainly not caused by starvation as the animals were fat when found. Some unknown disease is doing the work.

## CALGARY.

From the *Herald*, August 22.

About one o'clock yesterday morning it was noticed by the police on duty that two of the street electric lights had gone out. On examining they found that some fiend had been pulling out the keys. What the object could be it is hard to divine.

Const. Morgan, of the N.W.M.P., who received his honorable discharge from the force a few days ago, has been appointed to a commission in the Indian police, Burma. He left on this morning's train for that far-off empire.

A Sarcee buck who was out shooting a few days ago in the lakes near the mouth of High river was shot by his own hand. The discovery of the body was followed by an awful pow-wow and a pagan funeral. Some sportsmen are of the opinion that the Indian had thoughtlessly shot a "flapper" duck and felt so much remorse at the ungentlemanly act that he shot himself.

Friday, the 31st day of August, will be a red-letter day in the history of the *Herald*. That day will be the fifth anniversary of the establishment of this paper, and in commemoration of that event it is intended to issue a special number. This paper will contain some interesting particulars about Alberta and a brief sketch of Calgary and of the career of the *Herald*.

From the *Tribune*, August 22.

Mr. McCormack is reported to have purchased the surplus steers on the Cochran ranch, numbering about 280 head, and is driving them to Medicine Hat for shipment. Mr. Scott, of Galt, has gone to Stinson's ranch to inspect his steers.

Commissioner Herchmer arrived in town on Thursday morning to investigate the circumstances of the late desertion. The guard on account of being a raw recruit was let off with a reprimand. Dennis is still at large and the men who went in pursuit, from this post, have all returned. It is thought that most likely by this time he is across the line.

## FORT MACLEOD.

From the *Gazette*, August 23.

There is but one opinion among those who were fortunate enough to hear the high class music which was on the programme of the Fuhrer concert last night. The unanimous verdict is that it was the finest thing in the way of string performance ever given at Macleod. The chief attraction was the violin playing of Miss Basie and Master Conrad.

D Division under command of Supt. Steele arrived from British Columbia on Friday, having come through in eleven days without accident. The troop is sixty strong, fifty-six officers, non-com's and men arriving via Crow's Nest. Insp. Huot and Dr. Powell are with the troop. They are now under canvas at Sample's bottom.

## REGINA.

From the *Journal*, August 23.

Const. Wilson, who deserted from the force at Calgary, last fall, was captured by Sergt. Richards at Qu'Appelle and brought into barracks on Saturday night.

A wholesale spill of 2,500 bottles of Carling's ale took place at Broadview on Saturday night. That the police are doing their duty, notwithstanding the many difficulties they have to overcome, is shown by the fact that in the last few weeks some 4,000 bottles containing illicit liquor, has been destroyed by them.

On Friday evening last a most handsome and costly wedding present was made to Mr. Indian Commissioner Reed by the clerks of the Department here, who had been assisted by contributions from the agents and clerks on reserves throughout the Territories. The present consisted of a piano, and was accompanied by an address. Mr. Reed made a suitable reply. After the presentation a most enjoyable evening was spent at Mr. Reed's residence.

From the *Leader*, August 28.

The enquiry into Mr. Legare's claim of \$13,312 against the U. S. Government, for the capture of Sitting Bull, is now closed. The evidence showed to our thinking that Mr. Legare made out a strong claim, and we have no doubt the American Government will do justice in the premises.

From the *News*, August 22.

I. G. Baker's bull train came in from Macleod on Friday and loaded with merchandise for that place. This is their first trip this summer.

The prairie on the north side of the track about two miles east of here was set on fire last evening, it is supposed by a spark from an engine. A number of policemen went out about 21 o'clock to put it out.
